

# VOTE STUDY SCORES III HOUSE

## IN THE HOUSE | 2016

**1. PRESIDENTIAL SUPPORT.** Percentage of recorded votes cast through Sept. 28, 2016, on which President Barack Obama took a position and on which the member voted “yea” or “nay” in agreement with the president’s position. Failure to vote does not lower an individual’s score.

**2. PARTY UNITY.** Percentage of recorded votes cast through Sept. 28, 2016, on which a member voted “yea” or “nay” in agreement with a majority of his or her party. (Party Unity votes are those on which a majority of voting Democrats opposed a majority of voting Republicans.) Percentages are based on votes cast; thus, failure to vote does not lower a member’s score.

**3. PARTICIPATION IN PARTY UNITY VOTES.** Percentage of recorded votes cast through Sept. 28, 2016, on which a member was eligible and present, and voted “yea” or “nay.” There were a total of 572 such recorded votes. Quorum calls, although they are included in the House list of recorded roll calls, are not counted as votes because lawmakers are asked only to respond “present.” There has been one recorded quorum call in 2016, and one vote was vitiated, or canceled, by the chamber.
