

# VOTE STUDY SCORES ||| SENATE

## IN THE SENATE | 2016

**1. PRESIDENTIAL SUPPORT** Percentage of recorded votes cast through Sept. 28, 2016, on which President Barack Obama took a position and on which the senator voted “yea” or “nay” in agreement with the president’s position. Failure to vote does not lower an individual’s score.

**2. PARTY UNITY** Percentage of recorded votes cast through Sept. 28, 2016, on which a senator voted “yea” or “nay” in agreement with a majority of his or her party. (Party Unity votes are those on which a majority of voting Democrats opposed a majority of voting Republicans.) Percentages are based on votes cast; thus, failure to vote does not lower a member’s score.

**3. PARTICIPATION** Percentage of recorded votes cast through Sept. 28, 2016, on which a senator was eligible and present, and voted “yea” or “nay.” There were a total of 151 such recorded votes.
